Re: July Quarterly Report 4/26/2012 – 6/30/2012

To Whom It May Concern:

Enclosed, please find the copy of the cover letter for Asian Americans for Peace And Prosperity's Statement of Organization (FEC Form 1).

In particular, we would like to bring the Commission's attention to these statements in the letter:

Also, this committee has chosen to voluntarily register in accord with 11 CFR §§104.1(b) and so shall not be require to file all reports under 11 CFR §§104.5 unless the committee becomes a political committee under 11 CFR §§100.5. At such time when this committee becomes a political committee, it shall file an amended report.

As of 6/30/2012, Asian Americans for Peace And Prosperity remained a nonconnected committee and has not reached the \$1,000 threshold to become a political committee under 11 CFR §§100.5.

We would like to also direct the Commission's attention to AAPAP's filed Statement of Organization (FEC Form 1); on line 2, please note that the date is blank to indicate the voluntary filing of FEC Form 1 by a nonconnected committee that has not yet become a political committee. In the capacity of Treasurer for AAPAP, we misunderstood the requirement for reporting for a nonconnected committee that voluntarily registers with the Commission but has not yet become a political committee. It was not our intention to fail to timely report to the Commission.
